

- Course Title** **LNG Fuel Advanced (IGF II)  
Advanced Training for operation of LNG fuelled ships**
- Code** **N002**
- Language** English
- Approval** BSH (Federal Maritime and Hydrographic Agency)
- Description** The course intends to provide an advanced training for masters, officers and all personnel with immediate responsibility for the care and use of fuels and fuel systems on ships subject to the IGF code.
- Objectives** The candidates should demonstrate competence in accordance with the methods and criteria for evaluating competence determined by the Administration (BSH) including bunker simulation. The bunker simulation will substitute 2 of the 3 practical involvements in bunker operations requested by BSH for certification.
- Entry Standards** The course is principally intended for seafarers holding an IGF 1 certificate or fulfilling all requirements to apply for this certificate (successful completed certified basic training for ships subject to the IGF code)
- Certification** BSH approved MTC certificate
- Facilities** Classroom, LNG bunker simulator, exercises, simulator training
- Teaching Method** Demonstration, lectures, assessment
- Guidelines** MSC.285(86), STCW.7/Circ23, Circ. No. 3508, MSC.95/3/5
- Course Duration** 3 days
- Price** **EUR 950,00 (p. person, net excl. VAT 19%)**
